AUTHOR INDEX

Abkarian, G. G. Acquiring lexical contrast: The case of bring-take learning. Sept. 1988, 317-326.

Alcantara, J. I. *See* Blamey et al., Dec. 1988, 620-629.

Andrews, G. *See* Guitar et al., March 1988, 28-35.

Baken, R. J., & Orlikoff, R. F. Changes in vocal fundamental frequency at the segmental level: Control during voiced fricatives. June 1988, 207-211.

Baken, R. J., & Cavallo, S. A. A response to Hixon. Dec. 1988, 728-729.

Barton, C. N. *See* Lewis et al., March 1988, 108-114.

Bates, E. *See* Thal & Bates, March 1988, 115-123.

Beauchaine, K. A. *See* Gorga et al., March 1988, 87-97.

Bedrosian, J. L., Wanska, S. K., Sykes, K. M., Smith, A. J., & Dalton, B. M. Conversational turn-taking violations in mother-child interaction. March 1988, 81-86.

Benignus, V. A. *See* Lewis et al., March 1988, 108-114.

Blamey, P. J., Cowan, R. S. C., Alcantara, J. I., & Clark, G. M. Phonemic information transmitted by a multichannel electrotactile speech processor. Dec. 1988, 620-629.

Boothroyd, A., Springer, N., Smith, L., & Schulman, J. Amplitude compression and profound hearing loss. Sept. 1988, 362-376.

Borden, G. J. Commentary on J. Harrington's paper "Stuttering, delayed auditory feedback, and linguistic rhythm." March 1988, 136-137.

Boves, L. *See* Peters & Boves, Sept. 1988, 352-361.

Braunbeck-Price, R. *See* Nippold et al., Sept. 1988, 466-474.

Brey, R. H. *See* Harris et al., June 1988, 265-271.

Brown, C. K. *See* Folkins et al., June 1988, 253-264.

Busby, P. A., Tong, Y. C., & Clark, G. M. Underlying structure of auditory-visual consonant perception by hearing-impaired children and the influences of syllabic compression. June 1988, 156-165.

Buzolich, M. J., & Wiemann, J. M. Turn-taking in atypical conversations: The case of the speaker/augmented-communicator dyad. March 1988, 3-18.

Byrne, D., & Cotton, S. Evaluation of the National Acoustic Laboratories' new hearing aid selection procedure. June 1988, 178-186.

Cain, D. H. *See* Wetherby et al., June 1988, 240-252.

Camarata, S. M., & Erwin, L. Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Sept. 1988, 425-431.

Carney, A. E. *See* Matthies & Carney, Sept. 1988, 394-404.

Carney, A. E. Vibrotactile perception of segmental features of speech: A comparison of single-channel and multichannel instruments. Sept. 1988, 438-448.

Carpenter, M. A. *See* Guyette & Carpenter, Dec. 1988, 537-548.

Cavallo, S. A. *See* Baken & Cavallo, Dec. 1988, 728-729.

Chabries, D. M. *See* Harris et al., June 1988, 265-271.

Chaney, C. Acoustic analysis of correct and misarticulated semivowels. June 1988, 275-287.

Chertoff, M. E., Goldstein, R., & Mease, M. R. Early event-related potentials with passive subject participation. Sept. 1988, 460-465.

Christiansen, R. W. *See* Harris et al., June 1988, 265-271.

Clark, G. M. *See* Blamey et al., Dec. 1988, 620-629.

Clark, G. M. *See* Busby et al., June 1988, 156-165.

Colldén, A. *See* Ternström et al., June 1988, 187-192.

Collins, M. J. *See* Loven & Collins, Dec. 1988, 681-695.

Colton, R. H. *See* Conture et al., Dec. 1988, 640-653.

Conture, E. G., Colton, R. H., & Gleason, J. R. Selected temporal aspects of coordination during fluent speech of young stutterers. Dec. 1988, 640-653.

Conture, E. G. *See* Schwartz & Conture, March 1988, 62-71.

Cotton, S. *See* Byrne & Cotton, June 1988, 178-186.

Cowan, R. S. C. *See* Blamey et al., Dec. 1988, 620-629.

Cox, R. M., & Moore, J. N. Composite speech spectrum for hearing aid prescriptions. March 1988, 102-107.

Craig, C. H. Effects of three conditions of predictability on word-recognition performance. Dec. 1988, 588-592.

Crandell, M. A. *See* Nozza et al., June 1988, 212-218.

Crystal, T. H., & House, A. S. A note on the variability of timing control. Sept. 1988, 497-502.

Cullen, J. K. *See* Long & Cullen, Dec. 1988, 659-669.

Cuyler, J. S. *See* Nippold et al., Sept. 1988, 466-474.

Dalston, R. M. *See* Karnell et al., Sept. 1988, 503-510.

Dalston, R. M. *See* Laine et al., Sept. 1988, 432-437.

Dalton, B. M. *See* Bedrosian et al., March 1988, 81-86.

Daniloff, R. *See* Leonard et al., March 1988, 54-61.

Davidson, S. A., & Melnick, W. A clinically feasible method for determining frequency resolution. June 1988, 299-303.

Dengerink, H. A. *See* Swanson & Dengerink, Dec. 1988, 569-574.

Doherty, E. T., & Shipp, T. Tape recorder effects on jitter and shimmer extraction. Sept. 1988, 485–490.

Edge, R. A. *See* Montgomery & Edge, Sept. 1988, 386-393.

Edwards, B. A. *See* Karnell et al., Sept. 1988, 417-424.

Eilers, R. E., Ozdamar, O., Oller, D. K., Miskiel, E., & Urbano, R. Similarities between tactual and auditory speech perception. March 1988, 124-131.

Erskine, B. J. *See* Nippold et al., March 1988, 19-28.

Erwin, L. *See* Camarata & Erwin, Sept. 1988, 425-431.

Flege, J. E. Anticipatory and carry-over nasal coarticulation in the speech of children and adults. Dec. 1988, 525-536.

Folkins, J. W., Linville, R. N., Garrett, J. D., & Brown, C. K. Interactions in the labial musculature during speech. June 1988, 253-264.

Forrest, K., & Rockman, B. K. Acoustic and perceptual analysis of word-initial stop consonants in phonologically disordered children. Sept. 1988, 449-459.

French, L. *See* Peterson & French, Sept. 1988, 327-337.

Fukawa, T., Yoshioka, H., Ozawa, E., & Yoshida, S. Difference of susceptibility to delayed auditory feedback between stutterers and nonstutterers. Sept. 1988, 475-479.

Gabrielsson, A., Schenkman, B. N., & Hagerman, B. The effects of different frequency responses on sound quality judgments and speech intelligibility. June 1988, 166-177.

Garrett, J. D. *See* Folkins et al., June 1988, 253-264.

Glattke, T. J. *See* Zizz & Glattke, Dec. 1988, 616-619.

Gleason, J. R. *See* Conture et al., Dec. 1988, 640-653.

Goldstein, R. *See* Chertoff et al., Sept. 1988, 460-465.

Gorga, M. P., Kaminski, J. R., Beauchaine, K. A., & Jesteadt, W. Auditory brainstem responses to tone bursts in normal-hearing subjects. March 1988, 87-97.

Gregory, H. H. *See* McLean-Muse et al., Dec. 1988, 549-555.

Guitar, B., Guitar, C., Neilson, P., O'Dwyer, N., & Andrews, G. Onset sequencing of selected lip muscles in stutterers and nonstutterers. March 1988, 28-35.

Guitar, C. *See* Guitar et al., March 1988, 28-35.

Guyette, T. W., & Carpenter, M. A. Accuracy of pressure-flow estimates of velopharyngeal orifice size in an analog model and human subjects. Dec. 1988, 537-548.

Hagerman, B. *See* Gabrielsson et al., June 1988, 166-177.

Hairfield, W. M. *See* Laine et al., Sept. 1988, 432-437.

Hall, S. K. *See* Loveland et al., Dec. 1988, 593-603.

Hamlet, S. L. Speech compensation for prosthodontically created palatal asymmetries. March 1988, 48-53.

Haroldson, S. K. *See* Martin & Haroldson, June 1988, 272-274.

Harrington, J. Stuttering, delayed auditory feedback and linguistic rhythm. March 1988, 36-47.

Harrington, J. Reply to G. Borden's comments. March 1988, 138-140.

Harris, R. W., Brey, R. H., Robinette, M. S., Chabries, D. M., Christiansen, R. W., & Jolley, R. G. Use of adaptive digital signal processing to improve speech communication for normally hearing and hearing-impaired subjects. June 1988, 265-271.

Hellman, R. P., & Meiselman, C. H. Prediction of individual loudness exponents from cross-modality matching. Dec. 1988, 605-615.

Hetrick, R. D., & Sommers, R. K. Unisensory and bisensory processing skills of children having misarticulations and normally speaking peers. Dec. 1988, 575-581.

Hixon, T. J. Comment on Cavallo and Baken (1985). Dec. 1988, 726-728.

Holcomb, B. J. *See* Louden et al., June 1988, 219-227.

Horii, Y. *See* Leonard et al., March 1988, 54-61.

SUBJECT INDEX

HEARING

NATURE OF HEARING AND ITS DISORDERS

Normal Auditory Systems

Articulatory F_0 perturbations and auditory feedback. Ternström, S., Sundberg, J., & Colldén, A. June 1988, 187-192.
Auditory brainstem responses to tone bursts in normal-hearing subjects. Gorga, M. P., Kaminski, J. R., Beauchaine, K. A., & Jesteadt, W. March 1988, 87-97.
Binaural release from masking for a speech sound in infants, preschoolers, and adults. Nozza, R. J., Wagner, E., & Crandell, M. A. June 1988, 212-218.
Changes in pure-tone thresholds and temporary threshold shifts as a function of menstrual cycle and oral contraceptives. Swanson, S. J., & Dengerink, H. A. Dec. 1988, 569-574.
Early event-related potentials with passive subject participation. Chertoff, M. E., Goldstein, R., & Mease, M. R. Sept. 1988, 460-465.
Prediction of individual loudness exponents from cross-modality matching. Hellman, R. P., & Meiselman, C. H. Dec. 1988, 605-615.
Reliability of spontaneous otoacoustic emission suppression tuning curve measures. Zizz, C. A., & Glattke, T. J. Dec. 1988, 616-619.
Reverberation, masking, filtering, and level effects on speech recognition performance. Loven, F. C., & Collins, M. J. Dec. 1988, 681-695.

Auditory and Other Otic Pathologies

Judgments and measurements of the loudness of tinnitus before and after masking. Penner, M. J. Dec. 1988, 582-587.

Hearing Loss and Deafness

Amplitude compression and profound hearing loss. Boothroyd, A., Springer, N., Smith, L., & Schulman, J. Sept. 1988, 362-376.
Changes in pure-tone thresholds and temporary threshold shifts as a function of menstrual cycle and oral contraceptives. Swanson, S. J., & Dengerink, H. A. Dec. 1988, 569-574.
A clinically feasible method for determining frequency resolution. Davidson, S. A., & Melnick, W. June 1988, 299-303.
The effect of continuous monaural noise on loudness matches to tinnitus. Penner, M. J. March 1988, 98-102.
The effects of different frequency responses on sound quality judgments and speech intelligibility. Gabrielsson, A., Schenkman, B. N., & Hagerman, B. June 1988, 166-177.
Judgments and measurements of the loudness of tinnitus before and after masking. Penner, M. J. Dec. 1988, 582-587.
Laryngeal kinematics in voiceless obstruents produced by hearing-impaired speakers. McGarr, N. S., & Löfqvist, A. June 1988, 234-239.
Measures of signal processing in persons with sensorineural hearing loss below 6 kHz. Long, G. R., & Cullen, J. K. Dec. 1988, 659-669.
A modified speech tracking procedure as a communicative performance measure. Matthies, M. L., & Carney, A. E. Sept. 1988, 394-404.
Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.
Use of adaptive digital signal processing to improve speech communication for normally hearing and hearing-impaired subjects. Harris, R. W., Brey, R. H., Robinette, M. S., Chabries, D. M., Christiansen, R. W., & Jolley, R. G. June 1988, 265-271.
Vibrotactile perception of segmental features of speech: A comparison of single-channel and multichannel instruments. Carney, A. E. Sept. 1988, 438-448.

Effects of Noise and Issues in Hearing Conversation

Use of adaptive digital signal processing to improve speech communication for normally hearing and hearing-impaired subjects. Harris, R. W., Brey, R. H., Robinette, M. S., Chabries, D. M., Christiansen, R. W., & Jolley, R. G. June 1988, 265-271.

ASSESSMENT OF HEARING

Psychoacoustics

Binaural release from masking for a speech sound in infants, preschoolers, and adults. Nozza, R. J., Wagner, E., & Crandell, M. A. June 1988, 212-218.
A clinically feasible method for determining frequency resolution. Davidson, S. A., & Melnick, W. June 1988, 299-303.
The effect of continuous monaural noise on loudness matches to tinnitus. Penner, M. J. March 1988, 98-102.
The effects of different frequency responses on sound quality judgments and speech intelligibility. Gabrielsson, A., Schenkman, B. N., & Hagerman, B. June 1988, 166-177.
Measures of signal processing in persons with sensorineural hearing loss below 6 kHz. Long, G. R., & Cullen, J. K. Dec. 1988, 659-669.
Prediction of individual loudness exponents from cross-modality matching. Hellman, R. P., & Meiselman, C. H. Dec. 1988, 605-615.

Screening

Babble and random-noise masking of speech in high and low context cue conditions. Lewis, H. D., Benignus, V. A., Muller, K. E., Malott, C. M., & Barton, C. N. March 1988, 108-114.

Specific Diagnostic Techniques and Approaches

BEHAVIORAL

Binaural release from masking for a speech sound in infants, preschoolers, and adults. Nozza, R. J., Wagner, E., & Crandell, M. A. June 1988, 212-218.
The effects of different frequency responses on sound quality judgments and speech intelligibility. Gabrielsson, A., Schenkman, B. N., & Hagerman, B. June 1988, 166-177.

ELECTROPHYSIOLOGIC

Auditory brainstem responses to tone bursts in normal-hearing subjects. Gorga, M. P., Kaminski, J. R., Beauchaine, K. A., & Jesteadt, W. March 1988, 87-97.
Early event-related potentials with passive subject participation. Chertoff, M. E., Goldstein, R., & Mease, M. R. Sept. 1988, 460-465.
Reliability of spontaneous otoacoustic emission suppression tuning curve measures. Zizz, C. A., & Glattke, T. J. Dec. 1988, 616-619.

PEDIATRIC

Binaural release from masking for a speech sound in infants, preschoolers, and adults. Nozza, R. J., Wagner, E., & Crandell, M. A. June 1988, 212-218.
Infant thresholds with enhanced attention to the signal in visual reinforcement audiometry. Primus, M. A. Sept. 1988, 480-484.
Underlying structure of auditory-visual consonant perception by hearing-impaired children and the influences of syllabic compression. Busby, P. A., Tong, Y. C., & Clark, G. M. June 1988, 156-165.

SPEECH

Amplitude compression and profound hearing loss. Boothroyd, A., Springer, N., Smith, L., & Schulman, J. Sept. 1988, 362-376.
Babble and random-noise masking of speech in high and low context cue conditions. Lewis, H. D., Benignus, V. A., Muller, K. E., Malott, C. M., & Barton, C. N. March 1988, 108-114.
Effects of three conditions of predictability on word-recognition performance. Craig, C. H. Dec. 1988, 588-592.
Underlying structure of auditory-visual consonant perception by hearing-impaired children and the influences of syllabic compression. Busby, P. A., Tong, Y. C., & Clark, G. M. June 1988, 156-165.

MASKING

Articulatory F_0 perturbations and auditory feedback. Ternström, S., Sundberg, J., & Colldén, A. June 1988, 187-192.
Binaural release from masking for a speech sound in infants, preschoolers, and adults. Nozza, R. J., Wagner, E., & Crandell, M. A. June 1988, 212-218.

INTERVENTION

Habilitation, Rehabilitation, and Education

Amplitude compression and profound hearing loss. Boothroyd, A., Springer, N., Smith, L., & Schulman, J. Sept. 1988, 362-376.
Laryngeal kinematics in voiceless obstruents produced by hearing-impaired speakers. McGarr, N. S., & Löfqvist, A. June 1988, 234-239.
A modified speech tracking procedure as a communicative performance measure. Matthies, M. L., & Carney, A. E. Sept. 1988, 394-404.
Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.
Vibrotactile perception of segmental features of speech: A comparison of single-channel and multichannel instruments. Carney, A. E. Sept. 1988, 438-448.

Hearing Aids and Other Prostheses

Amplitude compression and profound hearing loss. Boothroyd, A., Springer, N., Smith, L., & Schulman, J. Sept. 1988, 362-376.
Composite speech spectrum for hearing aid prescriptions. Cox, R. M., & Moore, J. N. March 1988, 102-107.
Evaluation of the National Acoustic Laboratories' new hearing aid selection procedure. Byrne, D., & Cotton, S. June 1988, 178-186.
Evaluation of two speech enhancement techniques to improve intelligibility for hearing-impaired adults. Montgomery, A. A., & Edge, R. A. Sept. 1988, 386-393.
A modified speech tracking procedure as a communicative performance measure. Matthies, M. L., & Carney, A. E. Sept. 1988, 394-404.
Phonemic information transmitted by a multichannel electrotactile speech processor. Blamey, P. J., Cowan, R. S. C., Alcantara, J. I., & Clark, G. M. Dec. 1988, 620-629.
Similarities between tactual and auditory speech perception. Eilers, R. E., Ozdamar, O., Oller, D. K., Miskiel, E., & Urbano, R. March 1988, 124-131.
Some theoretical considerations concerning the relation between functional gain and insertion gain. Stelmachowicz, P. G., & Lewis, D. E. Sept. 1988, 491-496.

Underlying structure of auditory-visual consonant perception by hearing-impaired children and the influences of syllabic compression. Busby, P. A., Tong, Y. C., & Clark, G. M. June 1988, 156-165.

Use of adaptive digital signal processing to improve speech communication for normally hearing and hearing-impaired subjects. Harris, R. W., Brey, R. H., Robinette, M. S., Chabries, D. M., Christiansen, R. W., & Jolley, R. G. June 1988, 265-271.

Vibrotactile perception of segmental features of speech: A comparison of single-channel and multichannel instruments. Carney, A. E. Sept. 1988, 438-448.

SENSORY AIDS

Similarities between tactual and auditory speech perception. Eilers, R. E., Ozdamar, O., Oller, D. K., Miskiel, E., & Urbano, R. March 1988, 124-131.

AUDITORY-VISUAL PERCEPTION

Underlying structure of auditory-visual consonant perception by hearing-impaired children and the influences of syllabic compression. Busby, P. A., Tong, Y. C., & Clark, G. M. June 1988, 156-165.

DIGITAL SIGNAL PROCESSING

Use of adaptive digital signal processing to improve speech communication for normally hearing and hearing-impaired subjects. Harris, R. W., Brey, R. H., Robinette, M. S., Chabries, D. M., Christiansen, R. W., & Jolley, R. G. June 1988, 265-271.

LANGUAGE

NATURE OF NORMAL LANGUAGE

Language Development

Acquiring lexical contrast: The case of bring-take learning. Abkarian, G. G. Sept. 1988, 317-326.

Analysis of intentional communication of normal children from the prelinguistic to the multiword stage. Wetherby, A. M., Cain, D. H., Yonclas, D. G., & Walker, V. G. June 1988, 240-252.

Conversational turn-taking violations in mother-child interaction. Bedrosian, J. L., Wanska, S. K., Sykes, K. M., Smith, A. J., & Dalton, B. M. March 1988, 81-86.

Explanation of ambiguous advertisements: A developmental study with children and adolescents. Nippold, M. A., Cuyler, J. S., & Braunbeck-Price, R. Sept. 1988, 466-474.

Government-binding theory and some of its applications: A tutorial. Leonard, L. B., & Loeb, D. F. Dec. 1988, 513-524.

Language and gesture in late talkers. Thal, D., & Bates, E. March 1988, 115-123.

Proverb comprehension in context: A developmental study with children and adolescents. Nippold, M. A., Martin, S. A., & Erskine, B. J. March 1988, 19-28.

Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.

Language Use in Adults

Conversational turn-taking violations in mother-child interaction. Bedrosian, J. L., Wanska, S. K., Sykes, K. M., Smith, A. J., & Dalton, B. M. March 1988, 81-86.

Stuttering, delayed auditory feedback and linguistic rhythm. Harrington, J. March 1988, 36-47.

Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.

Turn-taking in atypical conversations: The case of the speaker/augmented-communicator dyad. Buzolich, M. J., & Wiemann, J. M. March 1988, 3-18.

LANGUAGE DISORDERS

Aphasia and Other Adult Language Disorders

Government-binding theory and some of its applications: A tutorial. Leonard, L. B., & Loeb, D. F. Dec. 1988, 513-524.

Grammaticality judgments and sentence comprehension in agrammatic aphasia. Wulfeck, B. B. March 1988, 72-80.

Language Disorders in Children

Government-binding theory and some of its applications: A tutorial. Leonard, L. B., & Loeb, D. F. Dec. 1988, 513-524.

Language and gesture in late talkers. Thal, D., & Bates, E. March 1988, 115-123.

Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Speech acts and the pragmatic deficits of autism. Loveland, K. A., Landry, S. H., Hughes, S. O., Hall, S. K., & McEvoy, R. E. Dec. 1988, 593-603.

Language Disorders in Mental Retardation

Speech acts and the pragmatic deficits of autism. Loveland, K. A., Landry, S. H., Hughes, S. O., Hall, S. K., & McEvoy, R. E. Dec. 1988, 593-603.

Language Disorders in Personality and Psychiatric Disturbances

Speech acts and the pragmatic deficits of autism. Loveland, K. A., Landry, S. H., Hughes, S. O., Hall, S. K., & McEvoy, R. E. Dec. 1988, 593-603.

ASSESSMENT AND INTERVENTION

Assessment

Acquiring lexical contrast: The case of bring-take learning. Abkarian, G. G. Sept. 1988, 317-326.

Analysis of intentional communication of normal children from the prelinguistic to the multiword stage. Wetherby, A. M., Cain, D. H., Yonclas, D. G., & Walker, V. G. June 1988, 240-252.

Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.

Nonspeech Communications Systems

Turn-taking in atypical conversations: The case of the speaker/augmented-communicator dyad. Buzolich, M. J., & Wiemann, J. M. March 1988, 3-18.

COMMUNICATIVE INTERACTION

Turn-taking in atypical conversations: The case of the speaker/augmented-communicator dyad. Buzolich, M. J., & Wiemann, J. M. March 1988, 3-18.

LANGUAGE & SYMBOLIC PLAY
LANGUAGE & COGNITION

Language and gesture in late talkers. Thal, D., & Bates, E. March 1988, 115-123.

LANGUAGE DISORDERS OF DEAF YOUNG ADULTS

Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.

SPEECH

NATURE OF NORMAL SPEECH

Development of Speech and Voice

Acoustic analysis of correct and misarticulated semivowels. Chaney, C. June 1988, 275-287.

Acoustic and perceptual analysis of word-initial stop consonants in phonologically disordered children. Forrest, K., & Rockman, B. K. Sept. 1988, 449-459.

Anticipatory and carry-over nasal coarticulation in the speech of children and adults. Flege, J. E. Dec. 1988, 525-536.

Lung volume changes in children and adults during speech production. Russell, N. K., & Stathopoulos, E. June 1988, 146-155.

Temporal changes in word revisions by children and adults. Paul-Brown, D., & Yeni-Komshian, G. H. Dec. 1988, 630-639.

Anatomy and Physiology of the Adult Speech System

Changes in vocal fundamental frequency at the segmental level: Control during voiced fricatives. Baken, R. J., & Orlikoff, R. F. June 1988, 207-211.

Comment on Cavallo and Baken (1985). Hixon, T. J. Dec. 1988, 726-728.

A comparison of photodetector and endoscopic evaluations of velopharyngeal function. Karnell, M. P., Seaver, E. J., & Dalston, R. M. Sept. 1988, 503-510.

Coordination of aerodynamic and phonatory processes in fluent speech utterances of stutterers. Peters, H. F. M., & Boves, L. Sept. 1988, 352-361.

Development of an in vitro technique for measuring the elastic properties of vocal fold tissue. Perlman, A., & Titze, I. R. June 1988, 288-298.

Interactions in the labial musculature during speech. Folkins, J. W., Linville, R. N., Garrett, J. D., & Brown, C. K. June 1988, 253-264.

Lung volume changes in children and adults during speech production. Russell, N. K., & Stathopoulos, E. June 1988, 146-155.

Mandible and hyoid bone movements during speech. Westbury, J. R. Sept. 1988, 405-416.

A response to Hixon. Baken, R. J., & Cavallo, S. A. Dec. 1988, 728-729.

Speech compensation for prosthodontically created palatal asymmetries. Hamlet, S. L. March 1988, 48-53.

Task-specific organization of activity in human jaw muscles. Moore, C. A., Smith, A., & Ringel, R. L. Dec. 1988, 670-680.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

Vocal shadowing in singers and nonsingers. Leonard, R. J., Ringel, R., Horii, Y., & Daniloff, R. March 1988, 54-61.

Perception of Speech

Acoustic and perceptual analysis of word-initial stop consonants in phonologically disordered children. Forrest, K., & Rockman, B. K. Sept. 1988, 449-459.

Babble and random-noise masking of speech in high and low context cue conditions. Lewis, H. D., Benignus, V. A., Muller, K. E., Malott, C. M., & Barton, C. N. March 1988, 108-114.

Perceptual categorization and consistency of synthesized /r-w/ continua by adults, normal children and /r/-misarticulating children. Ohde, R. N., & Sharf, D. J. Dec. 1988, 556-568.

Relationship between the discrimination of /w-r/ and /t-d/ continua and the identification of distorted /r/. Sharf, D. J., Ohde, R. N., & Lehman, M. E. June 1988, 193-206.

Similarities between tactual and auditory speech perception. Eilers, R. E., Ozdamar, O., Oller, D. K., Miskiel, E., & Urbano, R. March 1988, 124-131.

SPEECH AND VOICE DISORDERS

Articulation and Resonance Disorders

Accuracy of pressure-flow estimates of velopharyngeal orifice size in an analog model and human subjects. Guyette, T. W., & Carpenter, M. A. Dec. 1988, 537-548.

Acoustic analysis of correct and misarticulated semivowels. Chaney, C. June 1988, 275-287.

Acoustic and perceptual analysis of word-initial stop consonants in phonologically disordered children. Forrest, K., & Rockman, B. K. Sept. 1988, 449-459.

Perceptual categorization and consistency of synthesized /r-w/ continua by adults, normal children and /r/-misarticulating children. Ohde, R. N., & Sharf, D. J. Dec. 1988, 556-568.

Relationship between the discrimination of /w-r/ and /t-d/ continua and the identification of distorted /r/. Sharf, D. J., Ohde, R. N., & Lehman, M. E. June 1988, 193-206.

Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Unisensory and bisensory processing skills of children having misarticulations and normally speaking peers. Hetrick, R. D., & Sommers, R. K. Dec. 1988, 575-581.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

Craniofacial and Other Anomalies

Accuracy of pressure-flow estimates of velopharyngeal orifice size in an analog model and human subjects. Guyette, T. W., & Carpenter, M. A. Dec. 1988, 537-548.

Intraoral pressure and airflow rate in cleft palate speech. Laine, T., Warren, D. W., Dalston, R. M., Hairfield, W. M., & Morr, K. E. Sept. 1988, 432-437.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

Physiologically Based Speech Disorders

Laryngeal kinematics in voiceless obstruents produced by hearing-impaired speakers. McGarr, N. S., & Löfqvist, A. June 1988, 234-239.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

Volumes and breathing patterns during speech in healthy and asthmatic subjects. Louden, R. G., Lee, L., & Holcomb, B. J. June 1988, 219-227.

Stuttering and Other Fluency Disturbances

Clustering of disfluencies in the speech of stuttering and nonstuttering preschool children. Hubbard, C. P., & Yairi, E. June 1988, 228-233.

Commentary on J. Harrington's paper "Stuttering, delayed auditory feedback, and linguistic rhythm." Borden, G. J. March 1988, 136-137.

A comparison of stutterers' and nonstutterers' affective, cognitive, and behavioral self-reports. Watson, J. B. Sept. 1988, 377-385.

Constancy of relative timing for stutterers and nonstutterers. Prosek, R. A., Montgomery, A. A., & Walden, B. E. Dec. 1988, 654-658.

Coordination of aerodynamic and phonatory processes in fluent speech utterances of stutterers. Peters, H. F. M., & Boves, L. Sept. 1988, 352-361.

Difference of susceptibility to delayed auditory feedback between stutterers and nonstutterers. Fukawa, T., Yoshioka, H., Ozawa, E., & Yoshida, S. Sept. 1988, 475-479.

An experimental increase in stuttering frequency. Martin, R. R., & Haroldson, S. K. June 1988, 272-274.

Onset sequencing of selected lip muscles in stutterers and nonstutterers. Guitar, B., Guitar, C., Neilson, P., O'Dwyer, N., & Andrews, G. March 1988, 28-35.

Reply to G. Borden's comments. Harrington, J. March 1988, 138-140.

Response contingent stimuli and stuttering: Issues and implications. Prins, D., & Hubbard, C. P. Dec. 1988, 696-709.

Selected temporal aspects of coordination during fluent speech of young stutterers. Conture, E. G., Colton, R. H., & Gleason, J. R. Dec. 1988, 640-653.

Stutterers' and nonstutterers' voice fundamental frequency changes. McLean-Muse, A., Larson, C. R., & Gregory, H. H. Dec. 1988, 549-555.

Stuttering, delayed auditory feedback and linguistic rhythm. Harrington, J. March 1988, 36-47.

Subgrouping young stutterers: Preliminary behavioral observations. Schwartz, H. D., & Conture, E. G. March 1988, 62-71.

Voice and Other Laryngeal Disorders

Automatic phonetogram recording supplemented with acoustical voice-quality parameters. Pabon, J. P. H., & Plomp, R. Dec. 1988, 710-722.

Monitoring vocal fold abduction through vocal fold contact area. Rothenberg, M., & Mahshie, J. J. Sept. 1988, 338-351.

ASSESSMENT AND INTERVENTION

Screening

Automatic phonetogram recording supplemented with acoustical voice-quality parameters. Pabon, J. P. H., & Plomp, R. Dec. 1988, 710-722.

Babble and random-noise masking of speech in high and low context cue conditions. Lewis, H. D., Benignus, V. A., Muller, K. E., Malott, C. M., & Barton, C. N. March 1988, 108-114.

Assessment

Automatic phonetogram recording supplemented with acoustical voice-quality parameters. Pabon, J. P. H., & Plomp, R. Dec. 1988, 710-722.

Coordination of aerodynamic and phonatory processes in fluent speech utterances of stutterers. Peters, H. F. M., & Boves, L. Sept. 1988, 352-361.

Criterion validity of speech intelligibility rating-scale procedures for the hearing-impaired population. Samar, V. J., & Metz, D. E. Sept. 1988, 307-316.

Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Subgrouping young stutterers: Preliminary behavioral observations. Schwartz, H. D., & Conture, E. G. March 1988, 62-71.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

Acoustic Measures of Speech and Voice

Acoustic analysis of correct and misarticulated semivowels. Chaney, C. June 1988, 275-287.

Articulatory F_0 perturbations and auditory feedback. Ternström, S., Sundberg, J., & Colldén, A. June 1988, 187-192.

Automatic phonetogram recording supplemented with acoustical voice-quality parameters. Pabon, J. P. H., & Plomp, R. Dec. 1988, 710-722.

Laryngeal kinematics in voiceless obstruents produced by hearing-impaired speakers. McGarr, N. S., & Löfqvist, A. June 1988, 234-239.

A note on the variability of timing control. Crystal, T. H., & House, A. S. Sept. 1988, 497-502.

Reply to G. Borden's comments. Harrington, J. March 1988, 138-140.

Rule invention in the acquisition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Spontaneous speaking fundamental frequency of 6-year-old black children. Wheat, M. C., & Hudson, A. I. Dec. 1988, 723-725.

Temporal changes in word revisions by children and adults. Paul-Brown, D., & Yeni-Komshian, G. H. Dec. 1988, 630-639.

Instrumentation for Diagnosis, Treatment, and Research

Accuracy of pressure-flow estimates of velopharyngeal orifice size in an analog model and human subjects. Guyette, T. W., & Carpenter, M. A. Dec. 1988, 537-548.

Automatic phonetogram recording supplemented with acoustical voice-quality parameters. Pabon, J. P. H., & Plomp, R. Dec. 1988, 710-722.

Comment on Cavallo and Baken (1985). Hixon, T. J. Dec. 1988, 726-728.

A comparison of photodetector and endoscopic evaluations of velopharyngeal function. Karnell, M. P., Seaver, E. J., & Dalston, R. M. Sept. 1988, 503-510.

Coordination of aerodynamic and phonatory processes in fluent speech utterances of stutterers. Peters, H. F. M., & Boves, L. Sept. 1988, 352-361.

Intraoral pressure and airflow rate in cleft palate speech. Laine, T., Warren, D. W., Dalston, R. M., Hairfield, W. M., & Morr, K. E. Sept. 1988, 432-437.

Monitoring vocal fold abduction through vocal fold contact area. Rothenberg, M., & Mahshie, J. J. Sept. 1988, 338-351.

Speech compensation for prosthodontically created palatal asymmetries. Hamlet, S. L. March 1988, 48-53.

Tape recorder effects on jitter and shimmer extraction. Doherty, E. T., & Shipp, T. Sept. 1988, 485–490.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

SPEECH SPECTRUM

Composite speech spectrum for hearing aid prescriptions. Cox, R. M., & Moore, J. N. March 1988, 102-107.

SINGING,
FUNDAMENTAL FREQUENCY
ARTICULATION

Articulatory F_0 perturbations and auditory feedback. Ternström, S., Sundberg, J., & Colldén, A. June 1988, 187-192.

PROFESSIONAL AND GENERAL SCIENTIFIC ISSUES

PROFESSIONAL AFFAIRS

Research Issues and Methodology

Comment on Cavallo and Baken (1985). Hixon, T. J. Dec. 1988, 726-728.

Coordination of aerodynamic and phonatory processes in fluent speech utterances of stutterers. Peters, H. F. M., & Boves, L. Sept. 1988, 352-361.

Interobserver reliability and perceptual ratings: More than meets the ear. Kearns, K. P., & Simmons, N. N. March 1988, 131-136.

A note on the variability of timing control. Crystal, T. H., & House, A. S. Sept. 1988, 497-502.

Tape recorder effects on jitter and shimmer extraction. Doherty, E. T., & Shipp, T. Sept. 1988, 485–490.

TITLE INDEX

Accuracy of pressure-flow estimates of velopharyngeal orifice size in an analog model and human subjects. Guyette, T. W., & Carpenter, M. A. Dec. 1988, 537-548.

Acoustic analysis of correct and misarticulated semivowels. Chaney, C. June 1988, 275-287.

Acoustic and perceptual analysis of word-initial stop consonants in phonologically disordered children. Forrest, K., & Rockman, B. K. Sept. 1988, 449-459.

Acquiring lexical contrast: The case of bring-take learning. Abkarian, G. G. Sept. 1988, 317-326.

Amplitude compression and profound hearing loss. Boothroyd, A., Springer, N., Smith, L., & Schulman, J. Sept. 1988, 362-376.

Analysis of intentional communication of normal children from the prelinguistic to the multiword stage. Wetherby, A. M., Cain, D. H., Yonclas, D. G., & Walker, V. G. June 1988, 240-252.

Anticipatory and carry-over nasal coarticulation in the speech of children and adults. Flege, J. E. Dec. 1988, 525-536.

Articulatory F_0 perturbations and auditory feedback. Ternström, S., Sundberg, J., & Colldén, A. June 1988, 187-192.

Auditory brainstem responses to tone bursts in normal-hearing subjects. Gorga, M. P., Kaminski, J. R., Beauchaine, K. A., & Jesteadt, W. March 1988, 87-97.

Automatic phonetogram recording supplemented with acoustical voice-quality parameters. Pabon, J. P. H., & Plomp, R. Dec. 1988, 710-722.

Babble and random-noise masking of speech in high and low context cue conditions. Lewis, H. D., Benignus, V. A., Muller, K. E., Malott, C. M., & Barton, C. N. March 1988, 108-114.

Binaural release from masking for a speech sound in infants, preschoolers, and adults. Nozza, R. J., Wagner, E., & Crandell, M. A. June 1988, 212-218.

Changes in pure-tone thresholds and temporary threshold shifts as a function of menstrual cycle and oral contraceptives. Swanson, S. J., & Dengerink, H. A. Dec. 1988, 569-574.

Changes in vocal fundamental frequency at the segmental level: Control during voiced fricatives. Baken, R. J., & Orlikoff, R. F. June 1988, 207-211.

A clinically feasible method for determining frequency resolution. Davidson, S. A., & Melnick, W. June 1988, 299-303.

Clustering of disfluencies in the speech of stuttering and nonstuttering preschool children. Hubbard, C. P., & Yairi, E. June 1988, 228-233.

Comment on Cavallo and Baken (1985). Hixon, T. J. Dec. 1988, 726-728.

Commentary on J. Harrington's paper "Stuttering, delayed auditory feedback, and linguistic rhythm." Borden, G. J. March 1988, 136-137.

A comparison of photodetector and endoscopic evaluations of velopharyngeal function. Karnell, M. P., Seaver, E. J., & Dalston, R. M. Sept. 1988, 503-510.

A comparison of stutterers' and nonstutterers' affective, cognitive, and behavioral self-reports. Watson, J. B. Sept. 1988, 377-385.

Composite speech spectrum for hearing aid prescriptions. Cox, R. M., & Moore, J. N. March 1988, 102-107.

Constancy of relative timing for stutterers and nonstutterers. Prosek, R. A., Montgomery, A. A., & Walden, B. E. Dec. 1988, 654-658.

Conversational turn-taking violations in mother-child interaction. Bedrosian, J. L., Wanska, S. K., Sykes, K. M., Smith, A. J., & Dalton, B. M. March 1988, 81-86.

Coordination of aerodynamic and phonatory processes in fluent speech utterances of stutterers. Peters, H. F. M., & Boves, L. Sept. 1988, 352-361.

Criterion validity of speech intelligibility rating-scale procedures for the hearing-impaired population. Samar, V. J., & Metz, D. E. Sept. 1988, 307-316.

Development of an in vitro technique for measuring the elastic properties of vocal fold tissue. Perlman, A., & Titze, I. R. June 1988, 288-298.

Difference of susceptibility to delayed auditory feedback between stutterers and nonstutterers. Fukawa, T., Yoshioka, H., Ozawa, E., & Yoshida, S. Sept. 1988, 475-479.

Early event-related potentials with passive subject participation. Chertoff, M. E., Goldstein, R., & Mease, M. R. Sept. 1988, 460-465.

The effect of continuous monaural noise on loudness matches to tinnitus. Penner, M. J. March 1988, 98-102.

The effects of different frequency responses on sound quality judgments and speech intelligibility. Gabrielsson, A., Schenkman, B. N., & Hagerman, B. June 1988, 166-177.

Effects of three conditions of predictability on word-recognition performance. Craig, C. H. Dec. 1988, 588-592.

Evaluation of the National Acoustic Laboratories' new hearing aid selection procedure. Byrne, D., & Cotton, S. June 1988, 178-186.

Evaluation of two speech enhancement techniques to improve intelligibility for hearing-impaired adults. Montgomery, A. A., & Edge, R. A. Sept. 1988, 386-393.

An experimental increase in stuttering frequency. Martin, R. R., & Haroldson, S. K. June 1988, 272-274.

Explanation of ambiguous advertisements: A developmental study with children and adolescents. Nippold, M. A., Cuyler, J. S., & Braunbeck-Price, R. Sept. 1988, 466-474.

Government-binding theory and some of its applications: A tutorial. Leonard, L. B., & Loeb, D. F. Dec. 1988, 513-524.

Grammaticality judgments and sentence comprehension in agrammatic aphasia. Wulfeck, B. B. March 1988, 72-80.

Infant thresholds with enhanced attention to the signal in visual reinforcement audiometry. Primus, M. A. Sept. 1988, 480-484.

Interactions in the labial musculature during speech. Folkins, J. W., Linville, R. N., Garrett, J. D., & Brown, C. K. June 1988, 253-264.

Interobserver reliability and perceptual ratings: More than meets the ear. Kearns, K. P., & Simmons, N. N. March 1988, 131-136.

Intraoral pressure and airflow rate in cleft palate speech. Laine, T., Warren, D. W., Dalston, R. M., Hairfield, W. M., & Morr, K. E. Sept. 1988, 432-437.

Judgments and measurements of the loudness of tinnitus before and after masking. Penner, M. J. Dec. 1988, 582-587.

Language and gesture in late talkers. Thal, D., & Bates, E. March 1988, 115-123.

Laryngeal kinematics in voiceless obstruents produced by hearing-impaired speakers. McGarr, N. S., & Löfqvist, A. June 1988, 234-239.

Lung volume changes in children and adults during speech production. Russell, N. K., & Stathopoulos, E. June 1988, 146-155.

Mandible and hyoid bone movements during speech. Westbury, J. R. Sept. 1988, 405-416.

Measures of signal processing in persons with sensorineural hearing loss below 6 kHz. Long, G. R., & Cullen, J. K. Dec. 1988, 659-669.

A modified speech tracking procedure as a communicative performance measure. Matthies, M. L., & Carney, A. E. Sept. 1988, 394-404.

Monitoring vocal fold abduction through vocal fold contact area. Rothenberg, M., & Mahshie, J. J. Sept. 1988, 338-351.

A note on the variability of timing control. Crystal, T. H., & House, A. S. Sept. 1988, 497-502.

Onset sequencing of selected lip muscles in stutterers and nonstutterers. Guitar, B., Guitar, C., Neilson, P., O'Dwyer, N., & Andrews, G. March 1988, 28-35.

Perceptual categorization and consistency of synthesized /r-w/ continua by adults, normal children and /r/-misarticulating children. Ohde, R. N., & Sharf, D. J. Dec. 1988, 556-568.

Phonemic information transmitted by a multichannel electrotactile speech processor. Blamey, P. J., Cowan, R. S. C., Alcantara, J. I., & Clark, G. Dec. 1988, 620-629.

Prediction of individual loudness exponents from cross-modality matching. Hellman, R. P., & Meiselman, C. H. Dec. 1988, 605-615.

Proverb comprehension in context: A developmental study with children and adolescents. Nippold, M. A., Martin, S. A., & Erskine, B. J. March 1988, 19-28.

Relationship between the discrimination of /w-r/ and /t-d/ continua and the identification of distorted /r/. Sharf, D. J., Ohde, R. N., & Lehman, M. E. June 1988, 193-206.

Reliability of spontaneous otoacoustic emission suppression tuning curve measures. Zizz, C. A., & Glattke, T. J. Dec. 1988, 616-619.

Reply to G. Borden's comments. Harrington, J. March 1988, 138-140.

Response contingent stimuli and stuttering: Issues and implications. Prins, D., & Hubbard, C. P. Dec. 1988, 696-709.

A response to Hixon. Baken, R. J., & Cavallo, S. A. Dec. 1988, 728-729.

Reverberation, masking, filtering, and level effects on speech recognition performance. Loven, F. C., & Collins, M. J. Dec. 1988, 681-695.

Rule invention in the acqusition of morphology revisited: A case of transparent semantic mapping. Camarata, S. M., & Erwin, L. Sept. 1988, 425-431.

Selected temporal aspects of coordination during fluent speech of young stutterers. Conture, E. G., Colton, R. H., & Gleason, J. R. Dec. 1988, 640-653.

Similarities between tactual and auditory speech perception. Eilers, R. E., Ozdamar, O., Oller, D. K., Miskiel, E., & Urbano, R. March 1988, 124-131.

Some theoretical considerations concerning the relation between functional gain and insertion gain. Stelmachowicz, P. G., & Lewis, D. E. Sept. 1988, 491-496.

Speech acts and the pragmatic deficits of autism. Loveland, K. A., Landry, S. H., Hughes, S. O., Hall, S. K., & McEvoy, R. E. Dec. 1988, 593-603.

Speech compensation for prosthodontically created palatal asymmetries. Hamlet, S. L. March 1988, 48-53.

Spontaneous speaking fundamental frequency of 6-year-old black children. Wheat, M. C., & Hudson, A. I. Dec. 1988, 723-725.

Stutterers' and nonstutterers' voice fundamental frequency changes. McLean-Muse, A., Larson, C. R., & Gregory, H. H. Dec. 1988, 549-555.

Stuttering, delayed auditory feedback and linguistic rhythm. Harrington, J. March 1988, 36-47.

Subgrouping young stutterers: Preliminary behavioral observations. Schwartz, H. D., & Conture, E. G. March 1988, 62-71.

Summarization strategies of hearing-impaired and normally hearing college students. Peterson, L. N., & French, L. Sept. 1988, 327-337.

Tape recorder effects on jitter and shimmer extraction. Doherty, E. T., & Shipp, T. Sept. 1988, 485–490.

Task-specific organization of activity in human jaw muscles. Moore, C. A., Smith, A., & Ringel, R. L. Dec. 1988, 670-680.

Temporal changes in word revisions by children and adults. Paul-Brown, D., & Yeni-Komshian, G. H. Dec. 1988, 630-639.

Turn-taking in atypical conversations: The case of the speaker/augmented-communicator dyad. Buzolich, M. J., & Wiemann, J. M. March 1988, 3-18.

Underlying structure of auditory-visual consonant perception by hearing-impaired children and the influences of syllabic compression. Busby, P. A., Tong, Y. C., & Clark, C. M. June 1988, 156-165.

Unisensory and bisensory processing skills of children having misarticulations and normally speaking peers. Hetrick, R. D., & Sommers, R. K. Dec. 1988, 575-581.

Use of adaptive digital signal processing to improve speech communication for normally hearing and hearing-impaired subjects. Harris, R. W., Brey, R. H., Robinette, M. S., Chabries, D. M., Christiansen, R. W., & Jolley, R. G. June 1988, 265-271.

Variations in velar position over time: A nasal videoendoscopic study. Karnell, M. P., Linville, R. N., & Edwards, B. A. Sept. 1988, 417-424.

Vibrotactile perception of segmental features of speech: A comparison of single-channel and multichannel instruments. Carney, A. E. Sept. 1988, 438-448.

Vocal shadowing in singers and nonsingers. Leonard, R. J., Ringel, R., Horii, Y., & Daniloff, R. March 1988, 54-61.

Volumes and breathing patterns during speech in healthy and asthmatic subjects. Louden, R. G., Lee, L., & Holcomb, B. J. June 1988, 219-227.
